Liebe Leserin, lieber Leser,

auf einem 3000er ein Fahrtraining durchzuführen, hat schon einen besonderen Reiz: die Luft wird dünner, in den Schnee mischt sich Eis. Zwischen Tiefen- und Rottenbachgletscher bot sich der firmenwagen-Redaktion bei der Hyundai Driving Experience die Möglichkeit missant neuester Fahrzeuge daran teilzuhaben. Mehr darüber lesen Sie im Artikel: **Mit Profil über Eis und Schnee.**

Is it already working?

We are talking about your marketing. You know: the one, where unfortunately even Henry Ford did not know, which 50 per cent of the invested capital was poorly spent. Today we know better. Digital tools make the effect and the result of B2B-campaigns more measurable than ever before. B2IMPACT is the new agency of WEKA Industrie Medien and with Content, Performance and Creation it reaches exactly the communication objectives that you have defined. And Henry Ford? Most probably we could have helped him as well.
